## Mental Health/Suicide Intervention

**Location:** MSP Large Classroom

**Instructors:** Jill Buck, Todd Boese

**Class size:** 40

**Hours:** 2

**Who should attend?** At my direction, the MSP Training and MSP Mental Health staff have put together a training class on Mental Health and Suicide Risk Management. This class was developed to assist all of us in recognizing the precursors and signs of people with suicidal thoughts and tendencies to better manage the risk of suicides; not only offenders, but fellow staff, friends, and even family members. It is imperative we all understand and can recognize these precursors and ensure the safety and security of the staff and inmates at MSP. I strongly encourage all staff to find the time to attend this important training. The trainers will make themselves available on any shift to expedite the training and reach all the staff members possible. My goal is to have all staff at MSP, 100 %, attend this training. Please take the time, work with your supervisors, and schedule the training in the near future.

Warden Kirkegard
